

ELECTRIC VEHICLES UNLIMITED

Geo Tuff Truk - Two or Four seat

Introducing the Geo Tuff Truk, the newest of our electric utility vehicles built to satisfy any need. Both silent and pollution-free, the Geo Tuff Truk is perfect for farms, resorts, vineyards, theme parks, airports, industrial/commercial facilities and much more!

The Geo Tuff Truk's compact size allows for superior maneuverability in any situation. Any cargo-carrying job is a breeze for the Tuff Truk, and you'll find the lift-bed a major advantage in the workplace. Independent suspension, front hydraulic disc brakes, roll bar, and all-terrain tires provide great performance as well as a safe and reliable ride. The Geo Tuff Truk has several options available and is competitively priced. It is the perfect solution to any working need!
